My Dear Michael,

On behalf of the Habitat for Humanity Zambia Board of Directors, management and staff and indeed on my own behalf as Patron, I write to express our deepest and heartfelt gratitude for the selfless and tremendous efforts your family, colleges in the Republic of Ireland and yourself have made in adopting and supporting Habitat for Humanity Zambia over the years. Without a doubt, generous gifts from donors like you provide the financial and moral support needed to continue our mission.

Certainly, the challenges of promoting human wellbeing, particularly in the area of housing poverty, must be addressed in a holistic manner and within a global perspective. It is therefore, paramount that partnerships are harnessed because it is strongly long-established that no community, society or nation, can deal with poverty housing issues in isolation. It is with this in mind that Habitat for Humanity Zambia interventions in human settlements, contribute towards our success in achieving national and global poverty goals, there is no doubt that the developments and the capacities that are put in place to respond to the challenges of vulnerable group housing, urban and peri-urban housing will have an important impact on Zambia's wellbeing.

Habitat for Humanity Zambia's goal to alleviate housing poverty in Zambia is an ambitious one indeed but we remain steadfast and are encouraged and strengthened with hope by the continued great financial and invaluable times we spend with you that we will succeed. Michael, you are a clear example of walking-the-talk at times when basic services like water and sanitation are nonexistent to the families we serve. You have stepped up in providing improved sanitary facilities in Tiyende Pamodzi affiliate project in Lusaka as well as providing a water borehole in our in Kwama affiliate project, in Ndola.

There is no way to fully express our gratitude for your loyalty and commitment. We at Habitat for Humanity Zambia are continually inspired by the dedication and generosity of donors like you who answer the call to give again and again.

Indeed, it is my hope that you will continue to return to Zambia to build for those in most need of housing.

Yours in Partnership,

Ko.
